## SAYS THEY ARE A FARCE

Mr. Hepburn Openly At-  
tacks Our Naturalization  
Laws.

In Fifty Years He Had Known of  
But One Refusal to Natural-  
ize an Alien.

Washington, May 18.—After the passage of the naval appropriation bill, carrying nearly \$100,000,000, the house went into committee of the whole to consider the so-called naturalization bill, which has been a continuing order for two months. Mr. Wharton (Ill.), made his maiden appearance as a debater on the floor of congress in opposition to the "educational test" provision of the bill. "Naturalization is a farce in this country," said Mr. Hepburn (Ia.). In fifty years, he said, he had known but one refusal on the part of a judge to naturalize an alien. "It is a notorious fact," remarked Mr. Hepburn, "that courts admit men as a matter of course. The naturalization law is looked upon as a joke." Mr. Hepburn was of the opinion that frauds in the pursuance of naturalization papers were perpetrated in the state courts and not in federal courts.

During the discussion it was stated that a state court judge in New York had naturalized 2,500 aliens in one day, and that Judge P. C. Elliott of Lafayette, Ind., had been impeached for naturalization frauds.

Mr. Williams (Miss.) called the attention of the house to the section making judges, justices, clerks and officers and agents of state courts when acting in naturalization matters, officers and agents of the United States. He insisted that the constitutions of some of the states, particularly Virginia, prohibited a judge, clerk or officer of the state from taking any emolument whatsoever from the government, and that acceptance of emolument vacated the office.

Bailey's Second Installment.

The senate received another installment of Senator Bailey's version of the effort to secure an understanding between the Democratic senators and the president on the terms of the railroad rate bill, and in presenting it he excluded the memoranda of former Senator Chandler to the president on which the charges of bad faith against Mr. Bailey had been predicated. The Texas senator again arraigned his critics in sharp language.

"I know the fortunes of war," said he. "A man in the forefront must bear the brunt of battle, and I am willing to take my share. I know that war means killing. If it be civilized warfare, no complaint shall fall from my lips. But at this time, when the spirit of square dealing is more on the lips than in the hearts of everyone, our political opponents should at least fight with the common fairness of the prize-fighter; they ought not to strike below the belt."

With the exception of Mr. Bailey's digression, the entire day was devoted to a review by the senate of the amendments made in committee of the whole and covered somewhat more than half of the measure.

## SCHOOL BOARD GETS ALL OF ITS MONEY

Insurance Adjusters Settle all  
the Claims in  
Full.

The representatives of the various insurance companies in which the First ward school building was insured were here this week and adjusted the losses. The school board received every cent of the \$15,500, for which the building was insured. The loss sustained by the various companies was as follows: Palatine, \$3000; Franklin, \$2500; Milwaukee Mechanics, \$1500; Teutonia, \$1500; Spring Garden, \$1500; Ohio Farmers, \$2000; German, \$1500; Phoenix, \$2000.

The shipyards of Nagasaki, Japan, employ 7000 workmen all the year round.

## WINE PRICES UP

It is Said that 10,000,000 Gallons  
Were Lost in the  
Quake.

Wine drinkers may expect a sharp increase in the price of their favorite beverage in the next sixty days. Louis Schuller, a leading wine merchant of Indianapolis, estimates that 10,000,000 gallons of wine was lost in the California earthquake.

"A large per cent. of the wine consumed in this country now comes from California," said Mr. Schuller. "It is made from the grape and is the purest wine made. No one can buy a gallon of California wine from the jobber today. No more wine will be sold by wholesale until the wine makers get together and see what the damage has been. There is sure to be an increase in the price of wine."

Schuller says he disposed of about 30,000 gallons of California wine in a year. He lost a carload of wine and brandy by the earthquake.

He had purchased the goods and had started to bring them east. The car was burned in the depot at San Francisco. Schuller believes that as the result of the tremendous wine loss in California the price will increase at least 25 cents on the gallon.

## ASSESSOR'S DOG DAYS ARE HERE

Those Who Failed to Pay on  
Canine are Under  
Ban.

If you own a dog which you have not listed for taxation, and within the next few days receive a warning that you had better call and settle with the township assessor in order to avoid trouble, you had better pay up, or the prosecutor will get you. Time was up Tuesday, and if you have not paid for owning, keeping or harboring that canine friend, it will be to your advantage to call around and settle. If you don't pay the small amount of tax, it is likely to cost you \$10 or \$15.

Only the canine with an aristocratic slant of his tail, and one that is educated to show familiarity with household manners gets his name on the assessment books. The street curs are never owned by anyone. If Mr. Dog did not happen to be at home or was well concealed when the assessor called, don't be too sure about having escaped paying tax.

You are liable to have a spiteful neighbor who hated to part with his dollar or two, and hates worse to see you escape, and he may not hesitate to inform the authorities. If he does there will be an increase in the value of dog flesh about your domicile.

## REORGANIZATION PLAN REJECTED

Acton Park Board at Meeting  
Yesterday Decided to  
Sell Lots.

At the meeting of the Acton park people Thursday, the plans for reorganization presented at the last meeting were rejected, and the trustees were ordered to sell the north half of the grounds, about twenty acres, if they find it necessary so to do; and to re-plot the balance of the ground, making new avenues and laying off lots to be larger than heretofore; then to freely advertise them in the patronizing territory and at prices they may decide would be fair.

These lots will run from five dollars to fifty or seventy-five and may be bought on payments to suit the purchaser, at six per cent on deferred payments, providing that the buyers will build a cottage.

The trustees will have the ground platted and be ready to sell lots within ten days or two weeks.

## BALLASTING HAS BEGUN

Track is Laid on I. & C.  
to the Flatrock  
Bridge.

Eleven Miles of Grade Will be  
Done by June 1st—Work on  
Connersville Extension.

The work of laying the track for the I. & C. traction line, east out of Rushville, has been finished as far as Flatrock creek. The big steel girders on the bridge across Flatrock were all put in place and completed this week. Poles for the wires have been put up already for quite a distance out of this city and much other work in the way of getting ready for the track has been done. A great deal of material which has been distributed along the grades is now being shaped into condition, and a large force of men is at work at various points to push the construction to completion as rapidly as possible.

The operations at Williams creek, making the fill and also at the West Tenth street hill at Connersville are still in progress day and night and much headway is being made.

In an interview with a traction line man, he expressed himself to the effect that with good weather and the active work to continue on the grading, he believed it will be completed some time in August or September. By that time he said the track laying and setting of poles out of Rushville over the finished grades will about be completed and the work along that line will then be rapidly pushed on through to Connersville. In all, there is a great amount of work over the line, but after all grading has been completed the construction of the track will move along with rapidity. It is thought by traction men that cars will be running into Connersville sure the latter part of October.

Since the track has been laid east of this city to Flatrock creek and the bridge girders placed in position the company is devoting its attention to the work of ballasting.

H. E. Guffin, of Union township, this county, who owns a steam gravel hoist has been awarded the contract of taking out the gravel from the company's pit at Morristown. His machine is now at work and a locomotive brings the gravel train to the western edge of this city, where a traction car takes two cars at a time and brings them through the city. At the eastern edge of town another locomotive takes the cars and taken them out the line. In this way the work of ballasting is progressing rapidly.

Eleven miles of grade, it is thought, will have been completed east of this city by the first of June. The ballasting has already been completed nearly to the Flatrock bridge. The switches about the new freight house have also been ballasted. The company has decided to build one more switch between the car barns and the freight depot. To do this it will be necessary to remove three poles that now stand in the way.

At the present time there are enough ties, rails, poles and other materials at the fair grounds for the construction of the line between this city and Glenwood. Splendid progress is being made with the work of grading. The Kinser Construction company which for some time has been camping on the Helm farm, east of town, has moved its tents farther east to the Tim White and the John A. Gray farms.

All work on the bridge over Flatrock is expected to be completed by tomorrow evening and it is probable that the work of laying track on the east side of it will begin Monday morning. There are five girders to the bridge.

The wire is up as far as the Flatrock bridge but preparations are being made to continue the setting of the poles and the stringing of wire between the bridge and the fair grounds next week.

Engines have been placed at work on the West Tenth street hill at Connersville and that cut and fill is nearly completed.

Three shifts of men are working

twenty-four hours a day seven days in the week at the Williams creek fill.

The big digger has finished its work in the big cut at Connersville, and was backed down the hill. A gap has been cut through the Oak street grade and the digger is now working toward the east end of the main cut, leveling as it goes.

## NO HOPE IN THE SIXTH DISTRICT

Secretary of Democratic State  
Committee Makes  
Prediction.

Joseph Reiley, secretary of the Democratic State committee, has made a prediction. Perhaps the fact that he is the secretary of this committee was not without its influence on the flavor of the prediction for certainly it is not in exact accord with the prediction that unbiased men would make. This prediction concerned the congressional situation in this State, and was to the effect that next fall's elections would make eight Democratic congressmen from this State and five Republicans. At present there are two Democratic congressmen and eleven Republicans.

The districts that Secretary Reiley figures on are as follows: The First, Second, Third, Fourth, Fifth, Seventh, Eighth, Twelfth and Thirteenth. He concedes the other five to the Republicans.

## A SPLENDID RECORD AT FATTENING HOGS

S. D. Reese Has Forty-Five Head  
That Gained 2290 lbs. in  
Thirty-one Days.

S. D. Reese, of Rural Route No. 9, has made a splendid record in the way of feeding hogs. Mr. Reese has forty-five head that gained in all 2290 pounds in thirty-one days. This was an average of fifty-one pounds to the hog or nearly one and one-half pound to the hog per day. Is there anyone in the county that can beat this record? If there is let us hear from him.

## THE WORK ON THE HIGH TENSION LINE

Linemen Working Between  
Rushville and Shelbyville  
Making Good Progress.

With the progress that is being made with the construction of the I. & C. traction company's high tension line between this city and Shelbyville it will not be long until the line is completed and the Shelbyville division can be supplied with power from the local power house.

The line has practically been finished in Shelby county and the workmen have the wire up from this city to a point about two miles from Homer. The poles parallel the Pennsylvania tracks all the way to Shelbyville. Enough right-of-way has been secured for the construction of a traction line between this city and Shelbyville.

D. O. Emery, the foreman, who has charge of the construction of this line has a force of forty men at work. Four of his men at work in the vicinity of the grease factory were made ill this morning by the stench and were forced to quit work. All of the poles, between Rushville and Shelbyville, Mr. Emery says, will be set in ten days.

Ex Governor Morrill, of Kansas, is part owner of an 800-acre orchard in Wailula, where 50,000 trees are expected to bear this year, and he expects to make about \$1 net from each tree in case the season is good.

## THE ROOTERS ARE ACTIVE

Three Cities in the Field For  
G. A. R. Encampment  
Next Year.

Fort Wayne, Marion and Terre  
Haute Will Present Their  
Claims at Lafayette

Lafayette, Ind., May 18.—Fort Wayne, Marion and Terre Haute are after next year's encampment of the G. A. R., department of Indiana, and each will make a strong bid for it at the encampment here next week. Marion wished it this year, but the vote at the Madison encampment last May favored Lafayette for 1906. It was then asserted by Marion rooters that an understanding had been reached with some of the delegations from other cities that if Marion would allow Lafayette to have the encampment this year, Marion should have the next one. Now, however, Fort Wayne is after it, and will send a strong delegation to work for that city.

Terre Haute will be a strong competitor if it is found the soldiers' monument which is to be erected in that city can be completed in time to be unveiled at the 1907 encampment. This, however, is not yet a certainty. Marion will send a large delegation that will set forth the attractions of the city and rely largely on the agreement it is asserted was made last year.

Department Commander Tackett will reach Lafayette Monday evening. Governor Hanly and his staff will leave Indianapolis Wednesday morning, and will arrive in Lafayette in time for the parade in the afternoon.

## SUIT ON CONTRACT NOW ON TRIAL

Mrs. William Stuttle Demands  
Money For Care of Mrs.  
Harrison Miller.

The case of Mrs. William Stuttle vs. Irene Miller, widow of the late Harrison Miller, on an account, came up for trial in the circuit court today.

The following jury was secured to try the case: R. C. Hargrove, J. W. Davis, M. V. Spivey, Alfred Pearsey, Charles Hugo, Robert Gardner, Hiram Leonard, Ira Bennett, Charles Murphy, James Martin, John Jamison and John Fleener.

Six or eight witnesses including Doctors J. C. Sexton, J. G. Lewis, C. H. Parsons and R. T. Blount, Mr. and Mrs. William Stuttle and others testified today for the plaintiff, regarding Mrs. Miller's health and the labor performed by Mrs. Stuttle in caring for her.

Mrs. Stuttle, it seems resided on Mrs. Miller's farm and had a contract with the defendant to furnish her a home for so much per year.

In the suit now on trial the plaintiff demands \$787 for extra work. The trial will likely occupy two or three days. H. E. Barrett is the attorney for the plaintiff and Watson, Tisworth & Green and John M. Stevens are the attorneys for the defendant.

The trial is attracting considerable attention. Some forty witnesses have been subpoenaed and many country people are in attendance.

The Tipton Times, which may have "inside" information, though a long way outside the Sixth district, says: "The campaign conducted by the Rev. Thomas H. Kuhn, formerly of Tipton, now pastor of the Christian church of Richmond, for the Democratic nomination of Congressman from the Sixth district, has not been lacking in spectacular effect, but according to some of the leading Democrats in Richmond, the Rev. Mr. Kuhn has won the nomination three weeks in advance of the district convention, which will be held at Greenfield on May 31st."

Which shows that the last postponement news had not reached Tipton.

## SOUNDS LIKE DREAM

Plan for Immense Power Plant  
in Indiana Coal  
Field.

An official of the Union Traction Company is quoted as saying that the company will erect a big power house in the coal regions, transmitting the juice to the system by a long cable line, thus obtaining the advantage of cheap fuel. He is reported as saying: "You will notice that down in Sullivan county a 'new' coal company, in which my name appears as one of the directors, has just obtained possession of 1,700 acres of the best coal land in that famous field. The Indiana Union Traction Company is quietly planning the erection of a power plant of titanic proportions at these mines which not only will furnish power for its miles of Indiana roads, but for the lighting of cities and the supplying of power to both city factories and residents, and to the people along the line, who will be able to buy from the wires power to run a cornsheller or sawmill, as well as to light their houses."

But when it is considered how difficult it is to convey electricity over long distances and the great loss resulting, the above sounds more like a "pipe dream."

## PREPARING A NEW STATUTE

Local Tax Officials, Interest in  
Bill Now Being  
Framed

Rushville and Rush county tax officials are interested in a bill being framed by E. D. Moffett, of Hartford City, preparatory to presenting it to the next Indiana Legislature. If it becomes a law, there will be a revolution in the paying of taxes in this State. Moffett holds that it is an injustice to ask delinquent taxpayers to pay 20 per cent and asserts that there is no reason why a man who fails to pay his tax by a certain date should pay more than the legal rate of interest, five per cent.

He sets forth that it is the poor man, not the rich, who becomes delinquent, and the burden falls heavily upon the very man whom the law should protect. He has outlined his bill to a number of the leading legal lights of the State and they say it is the best bill of the kind that has yet been presented.

## WIFE ARRESTED FOR AIDING HUSBAND'S ESCAPE

Mrs. John Locke, of Richmond, wife of the famous fugitive, whose highly sensational escape from the Wayne county jail caused much excitement two or three weeks ago, was arrested Wednesday afternoon and is being held pending the charge that she assisted her husband to make his "get away." Mrs. Locke herself did not negotiate for the manufacture of the cold blooded punch, but it is alleged that she had this mysterious "other person" do it for her and then she saw to it that the tools reached her husband.

## RICHMOND POLICE CONFISCATE LIQUOR

Richmond police are well supplied with liquor, according to the item of that city, though it is not asserted that the guardians of the peace indulge in its use.

They have accumulated a large supply of bottled goods found with people who were captured. Because of the rigid enforcement of the law the "boot leg" business was attempted, but from the success of the police in confiscating stock the business has not, apparently, proved very successful.

## PERSONAL POINTS

—Miss Maude Augur is the guest of her father, S. G. Augur.

—J. L. Ashworth, of Connersville, was in the city on business last evening.

—Mrs. Aolno Whisan, of Milroy, has gone to visit her sister in Oklahoma.

—Mrs. Jennie Lewis Beaver, of New Salem, visited at Greensburg yesterday.

—Miss Grace Winship, of Milroy, visited friends at Greensburg, yesterday.

—L. M. Clark and O. F. Guffin attended a stock sale at Liberty yesterday.

—Miss Nelle Winship has returned from a visit with friends at Greensburg.

—Miss Flora Schenkel, of Hamilton, O., is the guest of her uncle, Henry Schenkel and family.

—James Hardwick and wife, of Gowdy, spent the day with Mr. and Mrs. A. P. Waggoner.

—Mrs. Chase Mauzy returned this afternoon from a week's visit with her parents at Williamsburg.

—Mrs. Elizabeth Schenkel of Cedarville, is the guest of her son, Henry Schenkel and family, of North Sexton street.

—Dr. C. E. Phipps, of Moscow, has returned from school. The doctor recently graduated from the Illinois Medical college.

—O. P. Wellman has returned from Indianapolis, where he attended the funeral of James McGrew, formerly of this county.

—George Freeman, proprietor of the Dooxy House at Anderson, was the guest of his son, John Freeman, landlord at the Windsor today.

—Mr. and Mrs. George F. Mossbaugh, of Santa Anna, Cal., are visiting their cousins, Mrs. Clint Bodine and Mr. George W. Osborne.

—George O. Wyatt has returned home from Indianapolis, where he has been attending the meeting of the State Undertakers' Association.

—Mrs. Martha A. Gifford, of Anderson, who has been the guest of Mr. and Mrs. Alfred Peters, for the past three weeks, returned home today.

—Connersville News: Dr. Sexton and wife and Will Havens and wife, of Rushville, spent Wednesday evening in the city, the guests of friends. The party made the trip in an automobile.

—Mr. and Mrs. Justin Amos, who went to Ft. Smith, Arkansas, two months ago, returned to this city yesterday evening. They will remain here. Mrs. Amos was not bereft by the trip.

—Greensburg Standard: John F. Moses, of Rusville, was one of our welcome callers Tuesday. He is an old newspaper man and former editor and proprietor of the Rushville Republican.

—Mildred, daughter of Mr. and Mrs. Lee Beade, of West First street, has returned home from a ten days' visit with her grandparents at Morristown. She has been ill, but is now much improved in health.

—Mr. and Mrs. Victor Mauer, of Cincinnati, O., will come tomorrow for a visit with the latter's sister, Mrs. A. L. Stewart. Mr. Mauer will remain over Sunday, while his wife will visit here for a week.

—St. Paul Telegram: Our old friend O. C. Norris, of Rushville, one of the largest dealers in fertilizers to be found in the State, was here on business Tuesday. It does one good to hear Ol's hearty laugh and receive his friendly handshake.

—Mr. F. Wilmer Case, representing the Central Business College, of Indianapolis, was in the city today, looking after the interests of that institution. This is the college that offers a free scholarship through some of our merchants, who give coupons with sales.

A movement to federate all the Jewish organizations of this country into one harmonious working body has been set on foot in New York.

## THE DAILY REPUBLICAN

Published Daily Except Sunday by

**THE SIX MONTHS' POLL**  
 Figures on the Preliminary Canvass  
 Not Yet Given Out.

Indianapolis, Ind., May 18.—No  
 results of the six months' poll have  
 been received at the Republican  
 state committee headquarters. It was  
 taken early last week and is probably  
 being verified by the county chairmen  
 before it is forwarded to Chairman  
 Goodrich. Many of the leaders and  
 candidates would like to get some  
 inside information on the subject, but  
 there is none to be had now, as the  
 committee itself has no figures. It is  
 very probable that it will not have a  
 complete poll for twenty or thirty  
 days. The Democrats did not take a  
 six months' poll throughout the state,  
 as the state committee did not issue  
 instructions for one.

The followers of T. Taggart here  
 are feeling cheery over what they term  
 the backdown of the League for the  
 Recovery of Majority Rule, which  
 started out to skin Taggart properly  
 and retire him to private life. They  
 say that the manifesto issued Wed-  
 nesday is a sure indication that the  
 Holtzman crowd sees the handwriting  
 on the wall and knows it is defeated.  
 Secretary Reiley of the state commit-  
 tee says that only a corporal's guard  
 has attended any of the meetings of  
 the "insurgents" and that they know  
 they have no chance. He declares  
 that the so-called reorganization move-  
 ment is already dead. It is evidently  
 the hope of Holtzman and his fol-  
 lowers now to lay their lines to defeat  
 Taggart in 1908, realizing that it will  
 not be possible to defeat him this  
 time, as the sentiment against attack-  
 ing the present organization is too  
 general to be misunderstood. Up to  
 this time but few leaders of recognized  
 ability and large following have en-  
 listed with Holtzman. Most of his  
 followers are men who are said to be  
 disgruntled about something, and it

looks to the average party worker as  
 if they are merely trying to get even  
 with someone. In view of the devel-  
 opments it is not believed that there  
 will be much of a flurry at the state  
 convention about reorganization.

No hope of an agreement being  
 reached between the Indiana coal op-  
 erators and miners at the conference  
 to be held at Terre Haute next Mon-  
 day is entertained here. Secretary-  
 Treasurer Wilson of the miners' na-  
 tional organization will attend, and  
 President Mitchell will also go if the  
 Illinois conference adjourns in time.  
 It is not believed that a settlement  
 can be reached unless there is a com-  
 plete breakdown by one side. Neither  
 has shown any disposition to yield or  
 to submit a compromise proposition.  
 At the miners' headquarters it was  
 said today that the members of their  
 organization are as determined as  
 they were when they quit work six  
 weeks ago because they were refused  
 an advance. The members of the op-  
 erator's association are also just as  
 determined not to grant the increase.  
 It is understood, however, that the  
 Indiana operators are not making any  
 plans to open their mines with non-  
 union men. There is still nearly sixty  
 days' supply of coal on hand, and even  
 if the strike should be settled now,  
 there would be no good market for  
 new coal. Under the circumstances it  
 is said that the operators feel they  
 can afford to await a break among the  
 miners.

The state educational commission,  
 appointed recently by Governor Han-  
 ly at the request of the State Teach-  
 ers' association to make a report to  
 the next legislature of the exact con-  
 ditions surrounding the teachers' pro-  
 fession, is holding its first meeting  
 here. It consists of B. F. Moore of  
 Marion; L. Ert Slack of Franklin; E.  
 E. Moore of Connersville; W. S.  
 Ritchey of Lebanon; Edgar Webb of  
 Attica; John W. Lewis of Wabash;  
 Thomas D. Slimp of Washington. The  
 commission has decided to report on  
 the salaries of teachers as compared  
 to the pay received in other occu-  
 pations; the question of providing more  
 normal schools; the state law govern-  
 ing teachers' salaries; school tax-  
 ation and levies; the methods of elect-  
 ing county superintendents, and the  
 making of the school more representa-  
 tive of the state than of local institu-  
 tions.

**Work of Indiana Board of Health.**  
 (Attica Ledger.)

The report of the Indiana state  
 board of health contains this sensible  
 thought: "It is well to teach the far-  
 mer how to increase his corn crop  
 to make hogs and cattle profitable,  
 etc., and the government does a great  
 work in this line; and I think the gov-  
 ernment would do another good work  
 if it taught the people how to prevent  
 their children from dying from pre-  
 ventable diseases. The present day  
 housekeepers need to be taught to  
 scrub less for visible dirt and to scald  
 more for the invisible microbes."

**A Good Insurance Plank.**  
 (Crawfordsville Journal.)

The Republican party in Indiana is  
 in line with the most advanced  
 thought on the subject of life insur-  
 ance legislation. The insurance plank  
 of the platform is positive and inclu-  
 sive. It pledges the next legislature,  
 if Republican, to enact the most string-  
 ent laws to protect the policy hold-  
 ers in both old line and fraternal com-  
 panies, whether organized in this or  
 any other state. Every policy holder  
 can safely vote the Republican ticket  
 this fall, knowing his interests will be  
 carefully guarded by a Republican as-  
 sembly and Governor Hanly.

**Indiana Crime Statistics.**

State Statistician Stubbs has made a  
 report relative to crime in Indiana  
 during the last year, which furnishes  
 some rather interesting facts. There  
 were serving in the several correctional  
 institutions of the state in 1905,  
 2,846 persons. This does not include  
 the jails, where in the same period  
 30,634 were imprisoned, a peculiarly  
 interesting fact when taken in con-  
 nection with the figures showing that  
 only 42,074 persons were convicted in  
 Indiana during the year of offenses  
 punishable with fine and imprison-  
 ment. Only about one-fourth of those  
 convicted escaped jail service, a rather  
 harsh commentary on our courts,  
 until it is remembered that a great  
 number of those who were merely  
 fined went to jail in default of pay-  
 ment.

During the year 1905 there were  
 53,547 arrests and 42,074 convictions

for crimes in all the courts of the  
 state of Indiana, as enumerated below:

Crimes Charged.	Arrests.	Convic- tions.
Adultery . . . . .	646	525
Arson . . . . .	32	21
Assault and battery . . . . .	9,763	8,117
Bigamy . . . . .	46	42
Bribery . . . . .	3	1
Burglary . . . . .	374	360
Conspiracy . . . . .	22	9
Cruelty . . . . .	272	222
Drunkennes . . . . .	14,460	13,101
Embezzlement . . . . .	199	119
Forgery . . . . .	185	132
Gambling . . . . .	1,930	1,598
Homicide . . . . .	162	125
Larceny . . . . .	3,558	2,749
Libel . . . . .	7	1

Totals . . . . .	53,547	42,074

## EXPLOSION OF DYNAMITE

**Harry Wolf and Two Austrians**  
 Killed and Four Injured.

Bloomington, Ind., May 18.—A dozen  
 or more laborers at a point near Sols-  
 berry, on the new Indianapolis South-  
 ern railway, were watching two men  
 while they placed sticks of dynamite  
 preparatory to a blast in the solid  
 rock, when there was an explosion  
 which killed Harry Wolf, walking  
 boss, and two Austrians, one of them  
 known as Stephen Schack, while the  
 other was called only by number.  
 Schack's arms and legs were broken.  
 The other Austrian was crushed about  
 the breast. Four other laborers were  
 seriously hurt. They are also only  
 known by numbers. Wolf lived in  
 Kansas City, where he has a family.  
 He was fifty years old and joined the  
 Indianapolis Southern forces in Janu-  
 ary last. The bodies of the Austrians  
 will be buried at Solsberry. The ex-  
 plosion is said to have been caused  
 by accidentally dropping a crowbar.

**Officer Took No Chances.**

Bedford, Ind., May 18.—Marshal  
 Cheek of Mitchell shot and killed an  
 unknown man at the Baltimore &  
 Ohio railway station at that place.  
 Cheek had received a message from  
 the police of Seymour to intercept  
 three men who were on the train and  
 who were wanted in Seymour for rob-  
 bery. As the train slowed down at the  
 station the men jumped off. The mar-  
 shal undertook to arrest them and all  
 three took to flight, one of them draw-  
 ing a revolver. The marshal killed this  
 man before he had opportunity to fire.

**Young Girl's Shocking Death.**

Indianapolis, May 18.—In attempt-  
 ing to cross the East Washington  
 streetcar tracks on a bicycle at Denny  
 street while returning home from her  
 work yesterday evening, Myrtle  
 Wright, aged sixteen, 317 North Den-  
 ny street, was ground to pieces by an  
 Irving car and her body was  
 dragged 100 feet under the trucks be-  
 fore the car could be brought to a  
 standstill. Frightfully mangled, but  
 still alive, she was taken from under  
 the trucks and placed in the city am-  
 bulance, in which she died while being  
 taken to the city hospital.

**Laid Aside Until November.**

Indianapolis, May 18.—Final action  
 in regard to the construction of a  
 building in Indianapolis by the grand  
 lodge I. O. O. F., was postponed at  
 the meeting of the order in Tomlin-  
 son hall yesterday afternoon, on ac-  
 count of lack of time for considera-  
 tion, and the question will be a special  
 order of business for the November  
 meeting, and meanwhile subordinate  
 lodges will consider the proposition.

**Acquitted in Three Minutes.**

Indianapolis, May 18.—It required a  
 jury in the criminal court late yester-  
 day afternoon just three minutes to  
 bring in a verdict acquitting Chief of  
 Police Metzger of the charge of as-  
 saulting Walter Koons, a convict, in  
 endeavoring to force a confession from  
 him. There is another indictment  
 against Metzger for assault and bat-  
 tery and for activity in politics.

For bloating, belching, indigestion  
 etc., eat a Ring's Dyspepsia Tablet after  
 meals. Lytle's Drug Store, Limited to  
 Legitimate Drug Business.

## SEA LEVEL CANAL

**This Is Recommendation of  
 Majority of Senate  
 Committee.**

## EARTHQUAKE DANGERS

**Recent Disaster at San Francisco an  
 Important Element in Determin-  
 ing the Vote of the Committee.**

**There Are Other Excellent Reasons  
 Too, Which They Set Out in  
 Their Report.**

Washington, May 18.—That the  
 earthquake which destroyed San Fran-  
 cisco was an important element in de-  
 termining the vote of the senate com-  
 mittee on interoceanic canals in fa-  
 vor of the sea-level type is apparent  
 from the fact that a feature of the  
 majority report is a decision of the  
 effect such an earth-wave might have  
 on locks and dams. The majority re-  
 port in favor of a sea-level canal was  
 submitted by Senator Kittredge. On  
 the subject of danger from earth-  
 quakes on the isthmus and the possi-  
 ble effect on the two types of canals  
 proposed, the report says:

"The recent calamity that over-  
 whelmed one of our great cities has  
 caused many forebodings. The asser-  
 tion that any particular spot in the  
 tropics is exempt from all danger  
 from such convulsions of nature as  
 recently visited California or wrought  
 great havoc near Charleston, S. C., in  
 1886, or changed the face of nature  
 in southeastern Missouri near the be-  
 ginning of the last century would not  
 be hazardous by any wise man. That  
 the isthmus of Panama is not exempt  
 conclusively appears, and we can have  
 no guarantee that the canal zone will  
 be in the future exempt from such dis-  
 aster.

"The canal structures that would  
 be most exposed to injury by the pass-  
 ing of an earth-wave are the locks pro-  
 posed by the minority, whose walls,  
 many hundreds of feet, or even two  
 or three thousand feet long at the  
 Galun would, at least some of them,  
 be more than seventy-five feet high  
 and entirely unsupported on one side  
 save for a part of the height by water.  
 If these walls should be moved at all  
 the natural and probable result would  
 be in the leaking and so prevent the  
 closing of the gates, an injury for  
 which a suggestion of extra gates on  
 hand would be useless, for no one  
 could guess the extent of the move-  
 ment.

"The minority suggests that the  
 dam at Gamboa included in the plan  
 of the board would be as likely to  
 sustain damage from such convulsion  
 as the structure above mentioned.  
 This is not the fact. The Gamboa  
 dam is built on a solid rock founda-  
 tion, reinforced with strong walls and  
 buttressed at either end with walls  
 of rock. It is a structure the least  
 likely to be affected of any superim-  
 posed on the earth's surface, and no  
 record is found of any similar struc-  
 ture being permanently injured under  
 similar circumstances.

"An earth dam on an alluvial base,  
 as proposed by the minority, might  
 be fissured if the earthquake passed  
 the locality, and if a crack in the dam  
 or its base should open, the dam  
 would go out, the lock drain and the  
 canal be ruined."

After reviewing the legislation and  
 the messages of the president on the  
 subject of the canal, the report says  
 that it is due to the executive branch  
 of the government that the uncertain-  
 ties confronting the president as to his  
 powers in the premises be settled and  
 disposed of affirmatively, once and for  
 all, by the only national authority  
 competent to pass upon the question—  
 the national legislature. The division  
 among experts as to the best type of  
 canal is treated by the report, which  
 says that the conclusion has been  
 reached that the following proposi-  
 tions are irrefutable: That the ideal  
 canal is one at sea level; that its con-  
 struction would be attended with no  
 more, and probably with less, hazard  
 than one with locks and dams on  
 doubtful foundations; that the sea-  
 level canal is safer and more con-  
 venient than one with locks; that it  
 would take but little longer time to  
 build; that it is the simpler and the  
 more economical in operation and  
 maintenance. The majority report  
 concludes that the sea-level canal  
 would not require more than two or  
 three years more than the lock type.

A chapter of the report is devoted  
 to the locks and dams proposed by the  
 minority report of the consulting en-  
 gineers, and these are asserted to be  
 an element of danger. The various  
 accidents to which such mechanism  
 might be subject are recounted and  
 the report asserts that these hazards  
 can be avoided by the small sacrifice  
 of time necessary to the construction  
 of the sea-level canal.

The claim is made by the report  
 that ships of all classes could be pass-  
 ed through the sea-level canal in  
 eight hours, and that half that time  
 would be consumed in passing ships  
 through locks alone. The cost of an-  
 nual maintenance is estimated at  
 \$1,840,000 for the sea-level and \$2,  
 330,000 for the lock type.

Discussing the advantage of the sea-  
 level canal to the country controlling  
 it, in time of war, the report says:  
 "If free from all obstacles to quick  
 transit, a hundred warships of aver-

age size, moving in one direction,  
 route clear, could be passed from  
 ocean to ocean in less than a day.

"All naval commanders and com-  
 mercial masters of the great national  
 and private vessels of the world are  
 almost to a man opposed unalterably  
 to the introduction of any lock to lift  
 vessels over the low summit that na-  
 ture has left for us to remove."

The majority argues that an enemy  
 could destroy a lock canal much eas-  
 er than a sea-level canal with explo-  
 sives. The ultimate final cost of the  
 sea-level canal as estimated by the  
 majority is \$250,000,000, while the cost  
 of the lock canal is regarded as un-  
 certain. The minority of the board  
 of consulting engineers estimated the  
 cost at \$139,705,200, and to this the  
 majority says, should be added the in-  
 terest on the extra cost of mainte-  
 nance, the expenses of clearing the  
 titles to the 118,000 acres of land that  
 would be submerged by the central  
 lake proposed by the lock plan, which  
 it is estimated would make the total  
 cost at least \$190,000,000. The cost  
 of transforming the lock plan into a  
 sea-level canal after the former is  
 completed is estimated at \$206,000,000.

In conclusion the majority says:  
 "Your committee feels entirely con-  
 fident that the board of consulting en-  
 gineers selected to study this problem  
 has submitted a plan that re-  
 sponds in every respect to the con-  
 ditions stated above and that the sea-  
 level canal can be realized in ten or  
 eleven years at a cost not to exceed  
 \$60,000,000 above that required for the  
 construction of multi-lock canal pro-  
 posed by the minority."

## PENNSY GAVE REBATES

**Further Evidence Heard by Interstate  
 Commerce Commission.**

Philadelphia, May 18.—That the  
 Pennsylvania Railroad company gave  
 rebates as recently as 1903 was the  
 charge made by Frank B. Wigton,  
 head of the Morrisdale Coal company,  
 before the interstate commerce com-  
 mission. Mr. Wigton's statement  
 caused something of a sensation be-  
 cause of the fact that while the com-  
 mission was in session in Baltimore  
 Vice President Thayer of the Pennsylv-  
 ania railroad appeared before that  
 body and stated that the company had  
 made no allowances or concessions  
 since 1899. Mr. Wigton gave a de-  
 tailed statement of the conditions in  
 the soft coal region and accused the  
 Pennsylvania Railroad company of dis-  
 crimination in the allotment of coal  
 cars, citing cases to substantiate his  
 charges.

He was asked by counsel for the  
 commission if he had any knowledge  
 of rebating by the railroad company.  
 He said in reply that since the retire-  
 ment of W. H. Joyce, general traffic  
 manager of the Pennsylvania railroad,  
 there had been no rebating so far as  
 he knew. Within a few months pre-  
 vious to the retirement of Mr. Joyce,  
 however, he said, he had received re-  
 bates amounting to from \$7,000 to  
 \$20,000 on tidewater shipments. Mr.  
 Joyce retired in June, 1903. Mr. Wig-  
 ton also named several other com-  
 panies which he said had received re-  
 bates.

## Baseball Scores.

National League—At St. Louis, 3;  
 Brooklyn, 2. At Pittsburgh, 2; New  
 York, 0. At Chicago, 3; Philadelphia,  
 1. At Cincinnati, 2; Boston, 0.  
 American League—At Philadelphia,  
 5; Detroit, 0. At New York, 4; St.  
 Louis, 2. At Boston, 4; Cleveland, 7.  
 At Washington, 2; Chicago, 6.  
 American Association—At Milwa-  
 kee, 0; Columbus, 3. At Minneapolis,  
 5; Indianapolis, 4. At Kansas City,  
 9; Toledo, 10. At St. Paul, 0; Louis-  
 ville, 2.

## Not Parted in Death.

Cincinnati, May 18.—Beside the  
 dead body of her father, Mrs. Anna  
 Sheehy, notwithstanding the strenu-  
 ous efforts of her husband to prevent  
 her, drank carbolic acid and died be-  
 fore help could be secured. The  
 woman was heart-broken over her  
 father's death.

## TERSE TELEGRAMS

The general assembly of the Cum-  
 berland Presbyterian church is in ses-  
 sion at Decatur, Ill.

After two weeks' debate the house  
 passed the naval appropriation bill,  
 carrying \$99,764,000.

The general assembly of the Presby-  
 terian church in the South is in ses-  
 sion at Greenville, S. C.

Fire destroyed the plant of the  
 Boone (la.) Cereal company. The loss  
 is \$105,000, insurance \$43,250.

Dry, hot weather in the Southwest  
 caused a sharp advance in the price  
 of wheat on the Chicago market.

At Inverness, Fla., a mob hanged  
 Frank Jordan, colored, charged with  
 robbing and murdering a white ped-  
 dler.

The Portuguese cabinet has resign-  
 ed, owing to the refusal of King  
 Charles to postpone the meeting of  
 the cortes.

The treaty between the United  
 States and Mexico regulating the use  
 of water from the Rio Grande, was  
 signed today.

There are in this country 685 city  
 and college branches of the Young  
 Women's Christian association, with  
 a membership of over 100,000.

Amos Butler, secretary of the Ind-  
 iana board of state charities, was elec-  
 ted president of the National Con-  
 ference of Charities and Correction.

By the unanimous vote of the con-  
 vention of the Iron, Steel and Tin  
 Workers' association, Patrick J. Mc-  
 Ardle of Pittsburg was re-elected as  
 president of the Amalgamated asso-  
 ciation.

## CARE OF THE EYES

A normal eye is so constructed that  
 all its functions as an organ of sight  
 can be performed without violating  
 the laws of sight or the laws which  
 govern the system, but an abnormal  
 eye is like a machine that is run  
 when out of balance, and when used  
 without respecting its muscle capacity  
 for work, tension or muscle exhaustion  
 will be the result and unless the defect  
 is corrected by properly fitted glasses  
 the person cannot do his best work,  
 especially if his work be of a clerical  
 nature.

If the importance of correcting eye  
 defects at an early age was more gen-  
 erally recognized by parents and teach-  
 ers, we would hear much less of the  
 harmful influences of our schools on  
 the eyesight of children. Many par-  
 ents though interested in the welfare  
 of their children in all other respects  
 neglect this most important duty, or  
 object to them wearing glasses on  
 sentimental grounds, not appreciating  
 the fact that a large number who are  
 not up to the average in the class or  
 who suffer from ear sickness, weak  
 digestion, St. Vitus dance, epilepsy,  
 headache and physical breakdown  
 owe their ills to some eye defect. If  
 a child attempted to take a book from  
 a shelf too high for it to reach, a step  
 would be supplied whereby he could  
 reach it with ease. Then why, if a  
 child's vision is short, should there  
 be any objection to supplying a step  
 by which he can see? Should there be  
 an objection to providing a glass  
 which will do the extra work—instead  
 of the muscles of the eyes—thus favor-  
 ably influencing physical and mental  
 development?

The muscles of the arm manipulate  
 bone, but the eye muscles are so re-  
 lated to the brain that eye strain is  
 muscle fatigue, also nervous exhaustion  
 and its persistence will result in un-  
 told ills to the body and mind.  
 The correction of refractive errors  
 early in life will not only prevent  
 disease, but by favorably influencing  
 physical and mental development will  
 side track inherited tendencies. It is  
 a well proven fact that many nervous  
 wrecks who are supposed to be invalids  
 from inherited causes, have inherited  
 only defective eyes, which like those  
 of their parents have not been correct-  
 ed.

There are three results of eye strain:  
 The muscles may lag and produce  
 poor vision. If the vigor of the eye  
 structure is reduced and the book con-  
 stantly held too close to the eyes, the  
 eye wall will stretch and produce  
 near-sight, or it may result in irrita-  
 tion, a sense of fatigue of the eyes,  
 a feeling as of sand in the eyes, pain  
 in the temples, browache, peculiar  
 or unnatural attitude of the head,  
 wrinkles of forehead or general head-  
 ache. There are many headaches due  
 directly to the disorders of the accom-  
 modative apparatus of the eyes, in  
 which brain symptoms are often the  
 most important and sometimes the  
 sole effect of eye troubles, so that  
 while there may be no pain or sense of  
 fatigue in the eyes the strain with  
 which they are used may be interpreted  
 solely by occipital or frontal pain,  
 pain on top of the head or along the  
 spine; if the strain be long continued,  
 it may be the unsuspected cause of  
 peculiar sensations in the head, vertigo,  
 nausea, dyspepsia, chorea, insom-  
 nia epilepsy, hysteria, nervous pro-  
 stration, insanity and general failure  
 of health.

These are not highspun theories,  
 but knowledge gained from enlighten-  
 ed experience. The relation between  
 eyestrain and nervous diseases is a  
 cause and effect too well established  
 to pursue of any further discussion  
 in the medical profession; but it can  
 not be too widely disseminated among  
 teachers and parents.

## COUNTY NEWS

### Anderson Township.

Mrs. Bert Lawson spent Monday with Mrs. Worth Kelley. Brint Boling and wife spent Sunday with Wm. Boling. C. C. Richey papered a room for Monroe Gloschen Monday, and a room for William Richey Tuesday. Worth Kelley and family spent Tuesday with Robert Waggoner, of Orange township. S. R. Smith is spending the week at Spiceland sanitarium. Bert Lawson and family took dinner Sunday with Wilbur Kelley and wife. Some of the farmers are talking of planting over some of their corn. Cere Archey and Clyde Richey went fishing Wednesday afternoon. Ben Smith attended the funeral of James McGrew at Indianapolis, Tuesday. Mrs. Smith and daughter Lorene stayed with Mrs. Smith's parents. Worth Kelley spent Wednesday night at Indianapolis. His family spent the night with W. C. Richey and family. The work of removing the old elevator of Anderson & Bortoff is nearing completion. Work will begin immediately on the new mill. Mrs. David Stewart and Miss Lulu Richey spent Sunday with E. L. Richey, who has been sick for a few days.

### J. W. TOMPKINS SELLS

Steel Roofing and Lined Metal, Washing Machines, Harness, Heavy and Light Buggy Harness, Brown & Tennessee wagon, Spring and spike tooth Harrows, Disc Harrows or any thing you want you will find at J. W. Tompkins South of the Court House. 9d&w2

## Falmouth.

Mrs. Mary Dawson, who has been quite sick with neuralgia of the heart, is convalescing. Mrs. Earl Shepard is visiting her parents at Anderson. Mrs. Jane VanBuskirk entertained Mrs. Robinson, Wednesday. The Epworth League had their election of officers Wednesday night. The commencement will be held Thursday night at the I. O. O. F. hall here. Mr. F. C. Roots, of Connersville, will deliver the address. Our groceryman, Mr. Alf. Collier is remodeling and enlarging his store room. It makes quite an improvement. Mrs. Dora Reese and Mrs. Nora Stuckey were sent as delegates from the Star Rebekah lodge of this place to Indianapolis to the Grand Assembly. They returned Wednesday morning and report a large crowd and the work grand. Mr. and Mrs. Elmer Caldwell and Miss Josie Fry went to Indianapolis Wednesday morning. Mrs. May Stevens, of Richmond, is visiting her parents, Mr. and Mrs. John Dickey, southeast of town. It seems that spades are trumps with some of our neighbor ladies, but Mrs. Jones says after this she would prefer clubs for trumps. Mr. H. Wiley our groceryman, has moved to the Crawley property. Mr. C. H. Brown moved to the house on Ben Perry's place and Mr. Casey Hackleman moved to the property he bought on West First street, and Mr. Bunyard occupies the house vacated by Mr. Hackleman. How is this for one man to cause all the moving. We need houses here that will be for rent.

## Carthage.

Miss Anna Steere is the guest of her friend, Miss Schraake, in Indianapolis. J. L. Hubbard was in Indianapolis, Wednesday. Mrs. Jason Henley, of Portland, came Tuesday to visit relatives here. Miss Winifred Hill was in Greenfield and Indianapolis from Saturday to Tuesday. J. T. Johnston, of Fairfield, was the guest of his daughter, Mrs. J. T. Scull, Tuesday. The Junior Epworth Leaguers were delightfully entertained at the League room Tuesday afternoon. Mrs. Clarence Weaver, of Indianapolis, was here this week. Mrs. Rhoda C. W. Derbyshire has returned to her home in Michigan. Mr. and Mrs. O. E. Hill, of Greenfield, were here Sunday. Mr. and Mrs. Harry Hudson, of Greenfield, were guests of Mr. and Mrs. Micajah Jessup, Sunday. A special meeting of several of the citizens was held at the Epworth League room Wednesday evening and arrangements made for holding Decoration Day services. Further notice will be given later.

### Buggies, Surreys, Phaetons, And Road Wagons.

I have about 50 jobs to pick from. It will pay you to call on J. W. TOMPKINS. I know there is no better line of buggies in the city. Will sell on time or cash. Come and get prices of J. W. Tompkins. South of the Court House. 9d&w2

## Andersonville.

Guy Moore is very poorly and not expected to live. John Hite, of Middletown came Friday for a short visit. Gabe Hildreth and Charley Wilson were at Laurel Saturday. William Lewis and family, of near Rushville, spent last week here with his sick grandfather. Atwell Shriner of our county spent Sunday here with his mother. Philander and Jessie Leforge have returned from a visit with their brother Tom, who is not expected to live. Rev. Moody Shaw has purchased the free Methodist church at Beuna Vista. A great deal of damage has been done in this part recently by the cold weather and frost. The Rev. John T. Hatfield began his series of meetings here Thursday night. Roma McDaniel, of Shelbyville, was through here Sunday in his automobile. Mrs. Simon Lewis, a sister of Smith Scott, who resided in Connersville, died Friday and was brought here for burial Sunday. The funeral was held at the Christian church here at 10:30 Sunday morning. The remains were laid to rest at the Hopewell cemetery. A friend in need is a friend indeed. The people of this community have the loss of one who was not only a friend to his neighbors, but to every one he knew. Last Friday at 2 o'clock occurred the death of William Hite, who two months ago seemingly would live to reach one hundred years. His death was not expected until about two weeks ago, when his neighbors saw the end was near. His death was due to cancer of the stomach. William Hite was born on the old Posey township homestead, but a short distance from his present home. He was born Nov. 7th, 1831, and departed this life May 11th, 1906, having lived 74 years, 4 months and 4 days. January 28th, 1859, he was united in marriage to Nancy Elizabeth Farthing. From this wedding until his death a happier couple never lived; although back at early life when the houses were built of hewed logs and the country a mass of timber their row was rough as it was so with all, nevertheless their home was found to be a happy one. To this union was born three daughters. The eldest departed this life October 19th, 1896. The other two, Mrs. Lewis and Mrs. Hildreth survive him. He joined the M. E. church at Wesley Chapel during the ministry of John Pierce and was converted and testified to the power of God to forgive sins; he never doubted his experience. In all his dealings and business life he was a man of staunch honor and integrity. He was not a grandfather only, but a father to all his grand children and seemed to make no distinction between his children and grandchildren. He was a man of mean; which property he with his companion earned and amassed. He was a man who was at peace with all people and was willing to suffer loss rather than have trouble. Death was not a stranger in this home. It had visited his home three times heretofore, but it has visited it again and taken away one who will not be missed by the family only, but by all the whole community. He leaves an aged widow, two daughters, five grandchildren, three great grandchildren, besides one brother and two sisters, with numerous other relatives and

friends, who mourn is taking away. The funeral was held at the Hopewell church Sunday at 3 o'clock, conducted by the Rev. James L. Brown, of near Rushville, and Rev. Moody Shaw. The remains were laid to rest in the Hopewell cemetery.

A liquid cold cure for children that is pleasant, harmless, and effective is Bee's Laxative Honey and Tar. Superior to all other cough syrups or cold remedies because it acts on the bowels. An ideal remedy for Coughs, Colds, Croup, Whooping Coughs and all curable lung and bronchial affections. Sold by Lytle's Drug Store, Limited to Legitimate Drug Business.

Horse breeders should get a stallion serve book at the Republican office.

### UTILIZED HIS IMPRISONMENT

To Gain a Classical Education, Did Frick's Assailant.

Pittsburg, May 18.—Alexander Berkman, who attempted to assassinate H. C. Frick during the Homestead strike, was released today after having been incarcerated fourteen years. Berkman left the penitentiary a year ago, but was immediately taken to the workhouse to serve out a year's imprisonment there. It is from this institution that he walked forth today a free man.

During his imprisonment Berkman has studied English literature and the classics and has fitted himself intellectually for a literary career. He has announced that he will leave Pittsburg and will go to St. Louis, where he will negotiate an offer to take charge of the labor department of a daily newspaper.

### Three Ballots Required.

Des Moines, Ia., May 18.—After one of the most spirited contests in recent years, Rev. Dr. Hunter Corbett, a distinguished missionary to China for many years, was elected moderator of the Presbyterian general assembly late yesterday afternoon. Three ballots were necessary to determine the result, the final vote standing: Dr. Corbett, 329; Rev. Dr. J. M. Barkley, of Detroit, 308; Rev. Dr. J. H. Hendy of Missouri, 4.

### Mr. Frye in His Old Seat.

Washington, May 18.—In the absence of Vice President Fairbanks, who has gone to Birmingham, Ala., to address the general conference of the Methodist Episcopal church, South, Senator Frye, as president pro tem, occupies the chair. The change is generally noticed, as this is the first time the vice president has been absent from his seat.

### NO EXCUSE FOR CATARRH

Worst Cases Quickly Cured by Breathing Hyomei. Guaranteed by F. B. Johnson & Co.

There is really not the slightest excuse for anyone having catarrh, now that Hyomei is so widely known and so easily obtained. The worst cases of catarrh are quickly cured, simply by breathing the remedy through the pocket inhaler that comes with every outfit. The complete outfit, consisting of a neat pocket inhaler, a medicine dropper and a bottle of Hyomei costs only one dollar, while extra bottles can be obtained for 50 cents, making Hyomei the most economical, as well as the most reliable method for curing catarrh. F. B. Johnson & Co. positively guarantee a cure when Hyomei is used in accordance with directions, or they will refund the purchase price.

## D. E. BEHER,

The eyesight specialist, is now permanently located in Rushville at 225 North Main street, where he is prepared to fit glasses for weak eyes, headache, dizziness, inflamed lids, blurring and dimness of vision, nervousness and all other errors of refraction. All work guaranteed. When in need of first class Optical work call and see me, my prices are right. Watch your children's eyes during school life, for some of the worse cases of eye trouble start then. No charge for examination or testing your eyes. If you are unable to call at my office I will call at your home and test your eyes without extra charge.

D. E. BEHER,  
Doctor of Optics.

## HER LIFE SPARED

Anna Valentina Will Not Have to Go to Gallows.

Trenton, N. J., May 18.—The court of pardons has computed the sentence of Mrs. Anna Valentina to life imprisonment. Mrs. Valentina was under

MRS. ANNA VALENTINA.

sentence to be hanged at Hackensack on May 25 for the murder of Rosa Salza, at Lodi, N. J., March 10, 1904, who had supplanted her in the affections of Michael Calucci. Her case has been in the courts two years.

### PEOPLE GROWING WISE

Sale of So-Called Consumption Cures on the Wane.

Washington, May 18.—Denunciation of so-called tuberculosis nostrums in the shape of patent and proprietary medicines was the feature of the discussion at the meeting in this city of the National Association for the Study and Prevention of Tuberculosis. Dr. Samuel Hopkins Adams of New York said that some of the alleged consumption cures were comparatively harmless, being mostly of inert drugs that had no effect one way or the other, while others were made up of cocaine, opium, hashish and cheap whisky. This latter class of remedy he declared to be an active poison in any case, but especially so in the case of a consumptive patient. He however expressed the belief that the consumption cure business was on the wane.

Dr. Frank Billings of Chicago declared that none of the nostrum compounds was harmless. Some of the proprietary medicines, he said, which are sold to the medical profession as specific compounds were almost as bad as the straight patent medicines themselves. Twenty-five years ago the medical profession honestly believed there was a specific for consumption, but he said now that the doctor has learned better, the general public was where the medical profession was then.

### Wyckliffes on the Run.

Vinita, I. T., May 18.—Marshall Darrow is more than ever confident since the capture of Ben Hungry, the accomplice of the Wyckliffes, and his full confession, that it is now only a question of a short time until the three outlaw brothers are either killed or captured. Marshall Darrow went back today into the hills. The chase is being prosecuted with the greatest vigor.

### A Sickening Tragedy in Missouri.

Joplin, Mo., May 18.—Hazel McKinney, fourteen years of age, was criminally assaulted and murdered in a lonely stretch of woods near Cave Springs, five miles west of this city, by John Morgan, a miner, who afterward shot and killed himself. The bodies were found lying together by a party in quest of the girl.

### Elected Three New Bishops.

Birmingham, Ala., May 18.—After a day of exciting balloting at the M. E. general conference, which continued up to 10:30 o'clock last night, the following three new bishops were elected: Dr. Seth Ward, assistant missionary of the M. E. church; Dr. John Tigert, book editor; Dr. James Atkins, Sunday school editor.

## YOU CAN'T BUY SHOES HERE

Without Becoming a Friend of the Store

Scores of come again-and-again customers testify to this. The only reason we can give for this shoe-store-loyalty is that our shoes are either more comfortable, or wear longer, or look dressier, (or all three), than do the other fellows'. We are willing to admit THIS MUCH: We are after the business of every person who wants BIG VALUE FOR HIS MONEY, and to get this business we are putting just as much style and comfort and wear into every pair of shoes as it is possible to do at the price.

CASADY & COX, RUSHVILLE, INDIANA.

## RESOLVED!

ITS A PICNIC TO BUY WHERE STYLE AND QUALITY CAN BE RELIED UPON. WELL WE ARE THE PEOPLE. EVERY THING YOU NEED. BUSTER BROWN.

Style, Quality, Price. These are the three graces that should attach to garments. Look at the best dressed men, and ask them where they got their clothes. We will take chances on their saying at Mulno & Guffin's. Ask a man who you have seen wearing (a long time) that always looked well, a suit, where he got it. We will take chances on his saying at Mulno & Guffin's, who carry clothes especially made. Take a hard up friend aside and ask him where he got the clothes you know he had to buy cheap. We'll take chances on his telling you of

## MULNO & GUFFIN.

## LOCAL BREVITIES

Generally fair and cooler tonight and Saturday.

Walter McKee, of Milroy, spent Thursday with friends in Greensburg.

Oliver Harcourt, of Orange, is not so well since his return from the Martinsville sanitarium.

The county commissioners inspected the poor farm today and found everything in first class shape.

During the month of April there were ten births and thirteen deaths in the town of New Castle.

The foundation is being laid for O. M. Dale's new house on Fourth street, between Main and Morgan streets.

Mrs. Delilah McMillin, living east of Ging, who has been suffering from nervous trouble for some time, is no better.

The graduating exercises of the Greenfield high school took place Wednesday evening. Thirty eight pupils graduated.

Mrs. George L. Newhouse, northwest of town, who has been in poor health for some time, was reported as being worse today.

Len Stevens, while at work on the traction line, east of this city, had two ribs wrenched from their proper place, and is now unable to work.

Samuel Stevens, who has been troubled with rheumatism for some time, is now at the home of his parents, Mr. and Mrs. Richard Stevens, at Anderson, and is improving nicely.

Schnur's orchestra, of Columbus, will furnish the music for the commencement next week. This orchestra will also play for the commencement dance to be given at the Woodman hall.

Kritchpatrick's Uncle Tom's Cabin company which shows under canvas at the ball park tonight, arrived here at 10:46 this morning from Connersville. A creditable parade was given this afternoon.

Mrs. Mary Ann Haywood, who has been at the home of her daughter, Mrs. R. C. Hill, at Carthage, since her return from East Haven some ten days ago, is rapidly gaining strength and is looking quite well.

Western Horseman: Dick Wilson, Rushville, Ind., recently offered J. T. Thrall, Manilla, Ind., \$350 for a year long by The Patchen Boy, 2:10 3/4, dam Von Posey (dam of Western Horseman (3), 2:24 3/4, by Russia, 2:29 1/4).

Ivy Company Uniform Rank, Knights of Pythias, will run an excursion over the Big Four to Benton Harbor, Mich., June 17th. The excursion will be the first Benton Harbor excursion of the year.

Carlyle said: "Make yourself an honest man, and then you may be sure that there is one rascal less in the world." Also—read the ads. and you may be sure that there is one less "easy mark" in the world.

The base ball game which was to have been played here this afternoon between the local high school team and the Greensburg school team was cancelled by Greensburg because the game would interfere with other matters at hand.

Greensburg Review: The local high school team will play ball at Rushville Friday, and of course there will be but one result, and that is Greensburg will come home the winner of the contest. The game is for the championship of Decatur, Rush and Shelby counties.

Chester Beaver, of Glenwood, was at Connersville this week, to visit his grandfather, John Lockhart, who was the victim of a runaway team, last week. Mr. Lockhart although still suffering from the shock and bruises, is able to be out.

The Connersville Examiner says fifty new houses are in course of construction in that city at the present time and at the present rate of increase of population Connersville will have 12,000 in 1910, the next census year. A regular "pipe dream" this.

Have you tried our Ice Cream and other sweetmeats. If not don't fail to do so. We guarantee our goods to be pure and wholesome.

THE GREEK CANDY STORE.  
 1743t

**Mrs. F. D. Merwin**

Demonstrating D. Hands celebrated Remedies for children will visit homes in this city for one week in the interest of Lytle's Drug Store.  
 1673

Yellow clothes are unsightly. Keep them white with Red Cross Ball Blue. All grocers sell large 2 oz. package, 5 ct.

Joseph Owen, of Moscow, has finished hauling stone and sand preparatory to putting in a concrete foundation for his new stock scales.

Mrs. Henry Wilson, of Union township, who underwent an operation for abscess at Sexton's sanitarium yesterday, is improving nicely.

Morristown Sun: On Wednesday, Dr. Wolf executed a deed to the I. & C. Traction Co. for a plat of ground for a new station building in Morristown. This seems to settle the mooted question as to where the new station building is to be located.

Bids for the new school house at Moscow will be opened next Tuesday and the contract awarded. Joe Ballard, Shelbyville, is the architect who drew up the plans and specifications. Mr. Ballard intends to bid on the building himself.

Elmer Duggan, who pitched for the Rushville base ball team last season, won his fifth consecutive game for the Marion Interstate League team yesterday. Owen Bush, Rushville's shortstop, who is playing with Marion, drove in the winning run yesterday with a timely three base hit.

Western Horseman: Roan Patchen (3), 2:29 1/4, by The Patchen Boy (3), 2:10 3/4, owned by J. G. Oldham, Urbana, Ill., is now in the training stable of Harrie Jones, Rushville, Ind., and he promises to do due credit to his great sire. He is a grand, big fellow, and is a real pacer.

New Castle is trying to locate a big automobile factory. The concern is located in the east at present and employs from 1000 to 1200 men. Benjamin Brisco, of New York, a member of the company, has been in New Castle this week conferring with the citizens of that place. New Castle people believe they will get the factory.

Brookville American: Noble Brann, of Rushville, and Walter Heeb, of Connersville, were here on business Wednesday. They are handling some fine farming lands in North Dakota along the Missouri slope, which can be purchased very much cheaper than Indiana lands and in many respects surpass anything in the United States.

The scale office at Farmer's Station, managed by R. S. Whitton, was broken into last Saturday morning about nine o'clock by a hobo, who had been around there most of the morning. He gained an entrance by knocking out a window pane. The only things Mr. Whitton missed were a 22-caliber rifle valued at \$3.00, a pair of nose glasses and a few cigars. The money drawer containing \$12.00 was not disturbed.

Gwynneville Item, Morristown Sun: The talk of the town this week is the clash that has come up over the matter of putting in crossings over the C. H. & D. and I. & C. tracks at Mechanic and King streets. The railroad companies are protesting, but as the petition for the improvements was granted by the county commissioners, the work will likely proceed. On Wednesday Township Trustee Sleeth held a conference with the road supervisor, W. D. Keaton, and R. Robins and I. Alexander were appointed appraisers to fix damages and benefits.

Knightstown Banner: A. M. Thomas, with his two children left on Monday for Saskatchewan, in Alberta, Western Canada, where he will make his future home. Mr. Thomas formerly lived in Rush county, near Center, and he was trustee of Center township for four years. He recently sold out his interests in this section, and will join his brother in the great agricultural northwest, where he hopes to prosper. He will be located about two hundred and fifty miles west of Winnipeg, Manitoba.

Greensburg News: Ray Potter, who skiddooed several days ago when he was summoned to appear before the Mayor to answer for an assault upon his foster father, "got his" on the same day that he left town. Potter left Greensburg on a north bound freight and when the train was near Milroy he was ordered to get off, but refused to do so and resisted the attempt of the brakeman to put him off. In the fight that followed, Potter is reported to have been badly worsted and was even battered up more than his foster father.

The Greek Candy Store manufactures its own Candies and Ice Cream. They are most delicious and wholesome. 1743t

A telephone was installed in the residence of T. A. Jones and family in Walker township yesterday.

The eighth grade final examination for conditioned pupils will be held at the court house tomorrow.

George Hazzard has filed suit in the circuit court against Joseph R. Hubbard, on a contract, demanding \$100.

A tent capable of seating 3000 people will be used for the Rushville Chautauqua this year. The tent used last year seated 2000 people.

John E. Alexander, guardian of Ezekiel Lockridge, has been granted permission by the court to expend \$300 in repairing a dwelling belonging to his ward.

Frank Reddick and Alva Newsom have been appointed to appraise the real estate which A. J. Trowbridge, guardian of Vernie Plummer et al. asks to sell.

Dr. H. G. Hill, of Indianapolis, the manager of the Rushville Chautauqua, will deliver the Educational Day address in this city this year.

Greensburg Standard: Prof. Alfred Martin, a former Fugit township lad, was here Wednesday en route from Corvdon, where he has been principal of the city schools for two years, to Rushville, where he will engage in the practice of law. He is a graduate of Earlham College, was principal of the Adams schools a few years ago and married Miss Eva Buell, of St. Paul. He is a young man of sterling character, able and energetic. His many friends will join us in best wishes for his success.

Willard Kincaid, of this city, has been placed in charge of four music stores at St. Louis, owned by the Jerome-Remick Music Company, with which Mr. Kincaid has been connected for some time. Mr. Kincaid who has been at Indianapolis, has gone to St. Louis to take up his work. He is the youngest manager employed by his company. Willard is one of Rushville's finest young men. His many friends are gratified to learn of his advancement and they wish him the best of luck in his new field.

## SOCIETY NEWS

The Thursday Evening club gave a dance last night at the Woodmen's hall.

The class of '06 of the high school will be entertained tonight at the home of Mr. and Mrs. L. M. Clark by the class of '04.

Carthage Record: Mrs. J. T. Scull, superintendent of the Junior League, and Miss Rhea Barber, assistant superintendent, entertained the Junior Leaguers and their mothers on Wednesday afternoon from 2 to 4 o'clock in the League room at the M. E. church. The room was beautifully decorated in their Junior colors, red and white, and dog wood and red bud. Refreshments of ice cream, cake and lemonade were served. Among the games, etc., the five senses contest was the one most enjoyed.

Mr. and Mrs. Andrew Pulliam entertained quite a number of friends last night at a party given at their home on West Third street. Those present were Mrs. James Gregg and daughter, Miss Clara, Mrs. John Boling and daughter, Miss Pearl, Mrs. Ephraim Ball, Mr. and Mrs. James Kratzer, Mrs. Wolf, Mr. and Mrs. Milton Wagner, Mrs. Rodebaugh, Mr. Sam Finney, Mrs. Lizzie Williams, Mrs. Tom Blackburn, the Misses Mollie and Lulu Pulliam, Minnie and Edith Harden, Mrs. Selman Webb, Mrs. Jasper Dugden and Mrs. Berry Abernathy. Refreshments were served.

Try the Banana Special and the Buffalo at the Greek Candy Store. They are very fine. 1743t

**Notice of Meeting of County Board of Review.**

Notice is hereby given that the Board of Review, of the County of Rush and State of Indiana, will convene in the commissioner's room in the court house, at the city of Rushville, Indiana, on

Monday, June 4th, 1906,  
 and continue in session not to exceed thirty days, for the purpose of assessment, review and equalization of taxes, and for hearing complaints of any owners of personal property except "railroad track" and rolling stock of railroads, on assessments made subsequent to March 21, 1906.  
 Witness my hand this May 17th, 1906.  
 18-5 ALBERT L. WINSHIP,  
 Auditor.
